## FREIGHT TRUCKS LEAVES THE RAILS

Service Crippled on I. & C. Here  
This Morning When Car Blocks  
Traffic on Both Tracks

### ACCIDENT ON MORGAN STREET

Rear Trucks Leave Rails Forcing  
Car Around in the Street—Wreck  
on Other Division Friday

Service was impaired here this morning on the I. & C. traction line, when the freight car jumped the track on Morgan street, just around the corner from the station, and the rear trucks swung around on the west track, blocking traffic on each track.

The car left here at 9:40 this morning and was in charge of motorman Joe Woods and conductor Harry Stricker, both of this city. The car also was pulling a trailer. When it went around the turn, the front trucks made it but the rear trucks slipped off the rails and continued to ride over the street, almost landing crosswise of the street.

No one was injured because the car was not going fast and had just left the station. At this turn several cars have been off the track recently. The car was not replaced until shortly after one this afternoon.

The trailer kept the track on account of the coupling being loose which allowed it free swing, although the two cars were jammed tightly together on the turn.

The services of the various cars were held up for a time, on account of the passengers and baggage having to be transferred to other cars around the wreck, and all cars were running late on account of the wreck.

The wrecking crew from the local car barns have had a busy week-end. Yesterday they were called to stop 9 on the Greensburg division where a car had been in a smash up with a truck belonging to the National Refining company.

The front end of the traction car was severely damaged and the car was brought here for repairs. The accident happened about 9:45 in the morning and the car was in charge of Earl Moore, conductor of this city and motorman Charles Brooks of Glenwood.

The large oil truck darted in front of the traction car at Stop 9, and hit in the middle, and completely demolished it. The driver, Harry Petts of Indianapolis was not injured, when he was thrown clear of the truck.

The truck was carried in pieces for 200 feet down the track and Motorman Brooks was completely soaked in the gasoline and oil, but he also managed to escape without injury.

## JOSEPH HARTON, 84, DIES AT HOME HERE

Well Known Retired Farmer Expires at Noon Today Following a Week's Illness

### SIX CHILDREN SURVIVE HIM

Joseph Harton, well known resident of this city and a prominent retired farmer, died at noon today at his residence, 220 West Third street, death being due to a complication of which he had been seriously ill for more than a week.

The deceased was 84 years old, and had lived in Rush county for 68 years, having at one time been an active farmer. He was born in Monroe county on February 27 1837 and moved to this county with his parents in 1853. In recent years he had given up the active farm work and had lived in this city.

The deceased is survived by six children, who are O. M. Harton, Will E. Harton of this city, Charley Harton of Milroy, Mrs. Will Oliver of Indianapolis, Mrs. Margaret Murphy of Chicago, and Mrs. U. C. Friend of Vincennes, Ind.

The final rites will be held Monday morning at ten o'clock at the late residence in charge of the Rev. C. S. Black, and interment will be made in East Hill cemetery.

## TRANSFERRED TO MITCHELL

Capt. and Mrs. C. E. Sparks Also  
Promoted—Envoy Ellis Coming

Captain and Mrs. C. E. Sparks, who have been in charge of the Salvation Army here for slightly more than six months, have been transferred to Mitchell, Ind., it was announced today, and at the same time it became known that Capt. and Mrs. Sparks had been promoted to become ensigns, the next rank. They will leave next Wednesday and a farewell meeting for them will be held Sunday evening at the church.

Capt. and Mrs. Sparks will be succeeded by Envoy and Mrs. Ellis, who are coming from Linton, Ind., and who will be welcomed at a meeting next Thursday evening. The present period is the third Capt and Mrs. Sparks have been in charge here. They have a very kindly feeling for the consideration shown by Rushville people and regretted to leave. Their promotions were earned through earnest work in the Army.

## UP TO SENATE TO STOP BONUS BILL

House Leaders Warn Senators That  
Republican Congressmen Will  
Have to Vote For Measure

### TWO SHORT OF A MAJORITY

Canvass of Senate Shows Only 46  
Votes For Harding Program to  
Recommiit the Bill

(By L. C. MARTIN,  
U. P. Staff Correspondent)

Washington, D. C., July 9.—The soldier bonus bill must be "stopped" in the senate if it is to be stopped at all, House leaders today warned senators.

Republican congressmen having voted for the bonus last year, would have to do it again, in spite of President Harding's urgent request that it be delayed, it was stated.

Receipt of this warning found Republican leaders in the Senate hard at work on a careful canvass of the situation which at this time showed:

Forty Republican senators pledged to support Harding's program of recommitting the Bonus and taking a series of recesses.

Seventeen Republicans either opposing some feature of the program doubtful or absent.

Six Democrats pledged to recommitment of the bonus.

Three Democrats pledged against recommitting it.

Twenty-nine Democrats either

## GOVERNMENT TO PAY PART OF RAIL DEBT

Agreement is Reached at Conference  
of Officials so Roads May Start  
Work of Rehabilitation

### MAY AMOUNT TO HALF MILLION

(By United Press)

Washington, July 9.—Immediate payment of part of the government's debt to the railroads was agreed on at a conference at the White House, it was indicated when the meeting broke up. Secretary Hoover who attended the conference said he would meet the railroad representatives later in the day but he did not state the nature of the discussion to be held.

Others who attended the conference with President Harding were Secretary of the Treasury Mellon, Chairman Clark of the interstate commerce commission and Director General of the Railroads Davis.

Railroad officials have asked the government to meet the available part of the debt, pointing out that this money would enable them to start on the work of rehabilitation.

It was believed that the government today decided to pay a sum estimated at from \$250,000,000 to \$500,000,000. The government's net debt to the railroads is estimated around \$800,000,000.

## CONTRACT GOES TO REX INNIS

Farmer Living West of Rushville is  
Low Bidder For Job to Collect  
Garbage in City

### TO START WORK IN 2 WEEKS

Successful Bidder Will Use Auto  
Truck With Air-Tight Tank—  
Collections Twice a Week

The city council at their special session last night, with a quorum present, awarded the garbage contract to Rex Innis, a farmer living west of Rushville, who was the lowest of four competitive bidders for the job. Mr. Innis announced last night that his collections would begin in two weeks, or as soon as he was prepared to start.

The council also was in session for a time to finish up business left over from last Tuesday night, and at this time the plans and specifications for the improvement of West Market street were accepted.

The council expects to put this street through this fall and has advertised for remonstrances at their first meeting night in August, which will be August 2.

The plans were placed before the council two weeks ago, but the committee wanted to be shown by the city engineer that the plans were properly drawn as to the drainage of the water from the street.

The street is to be constructed of either gravel or stone and when bids are advertised contractors will be asked to submit prices on each kind of a street. Sidewalks also are to be placed along the street, but there will be no curb or gutter.

Three of the garbage bids were closely together on price. Mr. Innis' bid, which was the lowest, was for \$1175.50. The next bidder in line was Frank Hutson, who offered to take the contract for \$1188. Sylvester Miller and Fred Lockridge offered a joint bid for \$1194.50 and Martin Clevenger was the fourth bidder whose price was \$1550.

The council will make the payment to Mr. Innis each month, and the contract was awarded for one year. Each of the bidders filed \$1,000 bond, and Mr. Innis' bondsmen are John E. Davis and R. F. Powell.

Mr. Innis stated last night that he would order an automobile truck with an air tight tank, and as soon as it arrived, the work would be started at once of routing out a system of collection over the city.

The city ordinance sets out the kind of cans that property owners must have, and also that they must be placed at some convenient place for collection twice a week during the summer months and once a week during the winter months.

The question was brought up concerning people who do not have an alley at the rear of their homes, and these people will have to carry their

## FIRE THREATENS WHOLE WHEAT FIELD

Blaze on Chester Whitman Farm  
West of Milroy Extinguished  
After Ten Acres Burned

### STARTED BY TRACTION ENGINE

Fire threatened to destroy a 65 acre field of shocked wheat yesterday afternoon on the Chester Whitman farm, one mile west of Milroy, but the blaze was extinguished after ten acres had burned, the loss probably reaching \$150.

The origin of the blaze is believed to have started from a passing threshing crew, as indications pointed to the start along the roadside, and an engine had passed only a few moments before the fire was discovered. The dry shocks and stubbles burned rapidly and the smoke could be seen for miles.

Over 40 people assisted in extinguishing the blaze, and for a time it looked as if the entire field would burn. Mr. Whitman carried insurance on the field, and an adjuster was fixing the loss today.

## VALUATIONS ARE 3 MILLION LESS

Rush County People Will Pay Taxes  
on \$61,623,200, Not Counting  
The Public Carriers

### ASSESSED BY STATE BOARD

Personal Property Valuations Fall  
Off One-Fourth, According to  
Abstract of Assessments

The people of Rush county will pay taxes on three million dollars worth less property next year than they did this year, counting the valuations on railroads and interurbans, telegraph and telephone companies and express companies the same as this year, according to an abstract of the assessment in the county this year, which was completed in the auditor's office today and forwarded by County Auditor Phil Wink to the auditor of state, William G. Oliver, at Indianapolis.

The total valuations for 1921, according to the abstract, exclusive of the property mentioned above, amount to \$64,751,685, as compared with \$61,623,200 last year, on which taxes were paid this year.

The public carriers' property, which is not included in these figures, is assessed by the state board of tax commissioners.

The early estimate that personal property assessments would lose approximately one-fourth this year due to the slump in prices, is borne out by the final figures which show this class of property valued last year at \$12,788,600 as compared with \$9,475,935 this year.

Mortgage exemptions also increased this year, being \$733,205. Last year they were \$707,775 which includes the exemptions claimed by soldiers. This year soldiers claimed exemptions in the sum of \$54,340.

Ten more polls were reported this year, there being 3095 as compared with 3085 in 1920.

While personal property valuations fell off one-fourth, there was an increase of \$161,695 in the total assessment values of land and improvements. This class of property was assessed last year at \$45,980,000 and this year at \$46,141,695. The increase is due mostly to additional land in Posey and Richland townships being put on the assessors' books, having been missed last year.

Lands alone were assessed this year at \$40,946,285 and last year at \$40,825,995. Improvements were valued this year at \$5,195,410 and last year at \$5,154,905. Improvements, it will be noted, showed an increase this year of \$41,405.

The increase in land values, in Posey township amounted to \$127,180, the assessments last year amounting to \$3,834,685 as compared with \$3,961,865 this year. In Richland township the increase in land values amounted to \$27,190, the assessments last year totaling \$2,000,000.

## DERBY GREEN WINS HIGH YIELD RECORD

Field of Wheat on Land Farmed For  
Him Averages 21½ Bushels to  
The Acre Friday

### FAR ABOVE THE ESTIMATES

Derby Green, who farms land belonging to Mrs. Ora Wilson of Lexington, Kentucky, just northeast of Rushville, won the high yield record for Rush county for this season, when he averaged twenty-one and one-half bushels to the acre off of a field Friday afternoon.

The wheat graded No. 2, the best that is to be found in Rush county, weighing fifty-eight pounds to the bushel. Mr. Green received \$1.05 a bushel for the grain.

Many people have commented on the appearance of the field, which lies directly west of what is generally known as "Campbell's barn." The denseness of the shocks after cutting caused many to predict that it would set a record for the county. The estimates on the yield ran all the way from twelve to eighteen bushels, but the average surprised everyone.

## CIGARETTES CAUSE FIGHT

Burney Bever Accused as Result of  
Striking Fred Bever

A package of cigarettes was the cause of the filing of a charge in Justice Stech's court this afternoon against Burney Bever of New Salem, who was to be arraigned on a charge of assault and battery on Fred Bever. The two were playing pool in New Salem, according to the story told the justice, and Fred borrowed a cigarette from Burney, who handed him the entire package. According to Burney he never returned the package, and when requested yesterday in Rushville to do so, Burney is said to have knocked Fred off of a chair, and the assault charge was filed today. Fred said that the package dropped on the floor in New Salem and that the proprietor of the store picked them up.

## IMITATORS OF ARMY SOLICITING

Attention of County Advisory Board  
Called to Fact That Solicitors  
Sail Under False Colors

### SALVATION ARMY AS CLOAK

Garb Members of Other Organizations  
Garb Themselves Like Army  
Workers in Collecting Funds

Many imitators of the Salvation Army, using the garb nearly like the Army's as a cloak, are going about the state collecting funds ostensibly for the Army, according to advices by the county advisory board here.

Owing to the extraordinary popularity acquired throughout the war record, many imitators have suddenly sprung into being and so well have they imitated the Salvation Army in point of uniform that to the casual observer they are often mistaken for the bonafide Salvation Army officers.

It would not be difficult to name nearly half a dozen of these scattered societies whose chief function seems to be making collections through the towns and country places of the entire state. They garb themselves as nearly like the Salvation Army as possible and go about gathering funds from every corner of the state.

## PASSED BAD CHECK, HELD AT FRANKFORT

Man Who Claims Many Aliases Will  
be Returned Here For Trial  
When Case is Settled

### GOT \$15 AT RUSHVILLE BANK

A man who claims many aliases and who passed a bad check here on the Rushville National bank, May 12, is in jail at Frankfort on a similar charge, after having worked his game successfully for several weeks at different places. He is to be returned here, following his arraignment in Frankfort.

The man came here posing as an insurance adjuster and tendered his check for \$15 to the bank which made the payment. The check was drawn on the Fletcher-American National bank, Indianapolis, and it was returned here marked with the notation that his account had been closed.

Yesterday Prosecutor Stevens went to Indianapolis and learned that the man had worked his game several times at Martinsville and also had gone to Frankfort, where he was caught. At Martinsville he went under the name of John Snyder, and passed several checks.

He cashed several checks at Frankfort, it was learned, and he was arrested and placed in jail. Prosecutor Stevens communicated with the sheriff of that county, who stated that if he should provide bond, that the local officers would be informed and he would be held for the local charge also.

## NEWS RECEIVED WITH GREAT JOY

Signing of Truce Between Ireland  
And England Heralded in London  
as Victory For Peace

### CONFERENCE TO GO AHEAD

Peace Settles Over Ireland For First  
Time Since Easter Rebellion in  
1916—People Conciliatory

(By United Press)  
Dublin, July 9.—Black and Tans and Sinn Feiners fraternized in the streets of Dublin today.

Although the British Irish truce is not officially effective until Monday noon, order for the cessation of the hostilities were issued by commanders of both sides shortly after the armistice was signed last night.

The truce was virtually operative today and for the first time in years there was peace in Ireland.

By ED L. KEEN  
(U. P. Staff Correspondent)

London, July 9.—King George continued to guide the British-Irish peace negotiations today. He conferred with Lord Middleton the Irish Unionist leader who participated in yesterday's historic Dublin conference at which the armistice between British forces and the Sinn Fein was drawn and signed. Middleton, it is understood, gave the king a full account of all that occurred.

"We have managed to bridge the difficult and the general feeling is overwhelmingly in favor of a settlement. I am hopeful the problem will be settled at last" Middleton said on his return here. Later Middleton was to confer with Premier Lloyd George and Smuts preliminary to the opening of the peace parley next week.

News of signing of a truce between the British government and the Irish Sinn Feiners was received with joy here today.

Preparations were going ahead for the peace conference which will sit in London to arrange the final terms of settlement.

Premier Lloyd George, Premier Jan Smuts of South Africa and other high government officials will spend the week end at Chequers, the premier's country residence, getting ready for the conference. It was reported today that Smuts probably would preside at the peace negotiations as he enjoys the confidence of both Lloyd George and Eamon De Valera.

## LEAGUER PITCHES FOR INDIANAPOLIS

Charlie Carr Will be Opposed by  
Harold Pearce in Rotarians'  
Ball Game Tere Tuesday

### PROCEEDS FOR THE MILK FUND

Although the Rotarians will be up against some stiff opposition next Tuesday when they meet the Indianapolis Rotary club's base ball team, they are planning to put up the best game the club has ever played.

Charlie Carr, former big league first baseman, who will do the pitching for Indianapolis, will be opposed on the mound by Harold Pearce, who has been rounding into form this week and is showing some real class as a twirler. George Wiltse will do the receiving for Rushville. He caught the game at Shelbyville and did a good job of it. The remainder of the Rushville outfit will be about the same as in previous games, with the exception that Harry Wyatt will play third base instead of George Wiltse, who held down that corner in the Kiwanis game.

Carr, the Indianapolis pitcher, formerly managed the Indianapolis American Association team and played first base. When the Federal League was organized, he went with the Indianapolis team and when the league broke up, retired from base ball. Before coming to Indianapolis he played first for the Cincinnati Reds.

The game will be called at four o'clock and the proceeds will go to the public schools milk fund.

## Amusements

### "The Big Punch"—Mystic

It is a genuine pleasure to see a good story so well told, well acted, and expertly directed as was the case with "The Big Punch," the William Fox production starring the magnetic young Buck Jones, which will be seen on the screen at the Mystic Theatre tonight.

Buck Jones, usually identified with cowboy characters, departs from this line in the new picture, but still has opportunity for the daring stunts which have helped make him famous. It is by his remarkable acting in the part of a circuit rider, however, that he scores so heavily in this picture.

The story of "The Big Punch" is original in the extreme, and carries a theme of unusual power. It contains a beautiful love romance and many tense dramatic situations—some of which have been daringly treated. The supporting cast is excellent, and includes Barbara Bedford in the role of a Salvation Army lassie; George Siegmann as a convincing villain, and Jennie Lee, the old time stage favorite.

### Plays Difficult Part in Picture

"The Girl From Nowhere," a new Selznick picture starring Elaine Hammerstein, last night provided the feature film entertainment at the Princess theatre. Aside from Miss Hammerstein's splendid portrayal of a difficult part, the picture provides an engrossing and strongly dramatic story and many excellent scenic effects.

"The Girl From Nowhere" is an original screen story by Bradley King, which tells of a misguided society maid who, to her sorrow, elopes with a young man of questionable character who proves himself as worthless as he is worldly. She soon discovers her mistake, and before they can be married she flees to a hunting lodge in the hills there to hide away from her disappointment.

But the peaceful solace of the deserted hut is soon interrupted by its owner, Jimmy Ryder, who arrives to find the girl professing to be Mrs. James Ryder. James has himself suffered a sad disappointment, and in their efforts to console one another they find their sympathies soon assuming the proportions of a budding love.

"The Girl From Nowhere" will remain at the Princess theatre today.

### A Step Forward

The letting of the contract by the city council for the free collection of garbage is a long step forward and will contribute as much towards keeping the city free of disease as any other factor.

When the city is free of open, unsanitary vaults, then we will be

near the millenium so far as good health is concerned.

The garbage ordinance carries severe penalties for violation, as it should, for there is no reason why a portion of the people should keep their garbage in closed containers and others be permitted to throw it on the ground and bring about conditions which breed flies and disease.

The ordinance provides that every resident of Rushville shall have a closed container for their garbage and that they shall place in the alley in the rear of their home, or in front of the house if there is no alley in the rear, on the days that garbage is collected, which will be twice a week in the summer time and once a week in the winter time.

The ordinance does not provide any specific specifications for the containers, except that they shall be covered tightly which means that no hardships will be worked by the operations of the ordinance. A cheap lard can will suffice, or any sort of a can on which the lid fits well. A large number of people, probably a majority in the city, already have closed garbage cans, and those who have not been accustomed to keeping their garbage in containers will have to provide themselves with one at once.

There is no reason why the people of Rushville should not take every precaution to prevent the rav-

ages of disease. Residents of this city are in no danger of contamination from water because the city water supply is well protected.

Typhoid fever has practically disappeared from Rushville due to this fact. There was a time when this disease was a menace during the late summer and fall, but it is no longer feared, due to the improvement of sanitary conditions within the city.

The garbage ordinance is commended to every person in Rushville and every resident who has the best interests of the city at heart will use their example and their influence and a means of enforcing it.

The ordinance will be worth nothing if the majority of the people in Rushville do not give it the proper moral support. Cases of violation should be reported immediately to the city authorities so that immediate steps may be taken to enforce the law.

Sooner or later we will have to put a check on immigration, or the advancing horde will be pushing us into the Pacific.

We note, however, that there has been no reduction in the price of postage stamps and marriage licenses.

It isn't always the cost of a thing that bothers us. It is the price we have to pay.

Beauty is never skin deep. The other side wouldn't look at all attractive.

They say honesty wins its own reward, but it often draws the booby.

Notice to the Taxpayers of Washington Township, Rush County, Indiana, of Application to Issue Bonds or Other Evidences of Indebtedness Bearing Interest in Excess of Five Per Cent.

State of Indiana, Rush County, SS: In the matter of the Application of Washington Township, Rush county, state of Indiana, to issue bonds or other evidence of indebtedness.

Notice is hereby given to the taxpayers of Washington Township, Rush county, Indiana, that Edward V. Jackson Trustee of said township has filed with the State Board of Tax Commissioners a petition to issue bonds or other evidence of indebtedness, in a sum not to exceed \$9,000, Nine Thousand Dollars, bearing interest in excess of five per cent per annum, for the purpose of providing funds out of which to pay for the construction and installation of a Flush Toilet System in the Raleigh School Building in said township of the estimated cost of \$2100.00, and to pay off indebtedness of said township evidenced by two notes of said township, one for the principal sum of \$4000.00, and one for the principal sum of \$2800.00, together with interest, due on said notes. The net assessed value of all property in this taxing unit is \$4,791,810.00, and the present total indebtedness without this issue is \$6,552.00.

Ten or more taxpayers of said taxing unit, other than those who pay poll tax, only affected by the proposed indebtedness who may be of the opinion that such indebtedness should not be incurred or that it is excessive shall file their objections with the state Board of Tax Commissioners not later than the 18th day of July, 1921. Where objections are filed, a date for a hearing in Rush county, Indiana, will be fixed and notice of such hearing will be given the executive officers of the taxing unit and the first ten taxpayers signing the objections. Where no objections are filed the State Board may approve such petition without a hearing, but in no instance will the State Board deny the petition without a hearing held in Rush county. Any taxpayer or interested person may be present and be heard at such hearing.

Dated this 30th. day of June, 1921.  
EDWARD V. JACKSON, Trustee of Washington Township, Rush county, Indiana.

Yesterdays' hero—Small Dick Kerr. The saved-off White Sox hurler did his specialty of mowing down the Yankees for the fourth time. The Sox won 4 to 1.

Kelleher's error in the ninth inning gave the Giants a run and the Cubs lost behind Alexander 1 to 0. Nehf allowed only three hits.

Bullet Joe Bush held the Tigers to four hits and the Red Sox won 6 to 3. Heilman hit a homer 610 feet, the longest hit ever made on the Detroit grounds.

Errors by Heinie Groh and Crane helped the Braves beat the Reds 5 to 0.

Home runs by Jimmie Smith and Koney, new Phils accounted for four runs and the Cardinals were beaten 9 to 4.

Three runs in the sixth inning gave the Pirates a 5 to 3 victory over the Robins.

Williams got his 16th homer with two on in the sixth, the Browns beating the Senators 12 to 2.

**Dempsey's Manager Says It's Untrue He and Champion Quit**

(By United Press)

New York, July 9.—Jack Kearns today again denied the report that he had split with Jack Dempsey, the world's champion. The denial was occasioned by a story from Atlantic City that Mayor Bader had told friends he was going to handle the affairs of the champion.

Kearns would not comment on the report that the champion had wired creditors in Atlantic City that he had given his manager money to pay them all.

Kearns said he didn't accompany his charge west because he had "a lot of business" to settle in New York.

#### IMITATORS OF ARMY SOLICITING

Continued from Page One

Unless challenged they pass ostensibly for the Salvation Army. They not only allow that impression to prevail, but they have been known to openly announce that they have been sent out by the Salvation Army.

The idea of the new program of the Salvation Army in financing itself by annual budgets presented only through its county advisory boards does not seem to be fully understood by all as yet. Hence, the opportunity which is afforded these imitators for the collection of funds, which would otherwise be withheld if full knowledge of the true situation prevailed.

This has been unusually noticeable during the recent campaign, it is said. As soon as the announcement was made and the posters were posted up that the Salvation Army budget was to be presented over the state these various organizations have taken advantage of the announcement and the Salvation Army advertising and anticipated them by rushing solicitors into various communities in advance of the Salvation Army advisory boards.

The result has been that many solicitors have found the people mystified, supposing that they had already donated to this budget.

The deception has been almost complete. It is fair to say that the Salvation Army is not concerned with the contributions made to others, their only concern is that much of this solicitation is supposed to be done at the instance of the Salvation Army, when the evident design is to mislead an unsuspecting public. Thousands of dollars are announced contributed by benevolently inclined people who make these contributions under the supposition that they are aiding the beneficent institutions of the Salvation Army when in reality they are continuing and promoting a phase of uniformed impostures.

Too many instances of this deceptive practice have been witnessed to admit of doubt.

The Salvation Army, therefore, owes a duty to itself and to its friends by clearing up this misapprehension in the public mind, while at the same time it may save the people in the various communities from these imposters who do not represent any humanitarian institutions of any sort.

unpledged, doubtful or absent. The canvass showed the motion to recommend which is to be made according to present plans after receipt of a message from Harding, two votes short of the 48 necessary to adoption.

A majority of the Senate is now 48, Wolcott of Delaware having resigned, thus reducing the membership to 95.

Republican leaders, however, have sent hurry calls to all absentees to be here Monday, when they are confident they will line up enough more to insure the success of the Harding program.

## MRS. KABER WANTED HER HUSBAND KILLED

Cleveland Woman Made Request When Murder Plot Was Hatched, Detective Testifies at Trial

#### CONTENT OF CONFESSIONS

(By United Press)

Cleveland, Ohio, July 9.—"I want my husband killed," Mrs. Eva Katherine Kaber told Mrs. Emma Colavito and the two alleged assassins of Daniel Kaber, wealthy Lakewood publisher, at a night party at the Kaber home, according to testimony at the woman's trial today.

"I want my husband killed," Mrs. Kaber said. "I have tried but have not succeeded," according to the testimony of Detective Looney. The detective's story revealed how the murder of the invalid was plotted, how the assassins were hired, how he was killed and how the assassins never received pay for their deeds.

Miss Mary McArdle, Mrs. Kaber's daughter, and Mrs. Mary Brickel, Mrs. Kaber's mother, have been accused of participating in the plans for the murder. The daughter and the grandmother, however, deny this. They stated that they were but tools in the hands of Mrs. Kaber, and carried out the plans in ignorance of the murder.

The testimony today contained the confessions of three alleged assassins: Mr. Kaber, Mrs. Emma Colavito and Tom Cala, the confessed assassin.

The other alleged assassins are still at liberty. The content of the three confessions was included in the testimony of Detective Looney who was present when they were made.

## SHOW OWNERS PAY A FINE

Plead Guilty to Charge of Showing Without a License

The proprietors of a tent show which has been exhibiting here this week in South Main street, were hauled into Squire Stech's court this afternoon on a charge of exhibiting without payment of a county license. The show owners were assessed a fine of \$1 and costs upon a plea of guilty, as they were advised to take out a county license before continuing their show tonight and next week.

The owner of the show also notified Chief of Police Willong, that a side tent and curtains, amounting to \$500, was stolen last night, and that some of the employees were suspected of having taken it. A search was to be made this afternoon for the stolen tent.

#### TENNIS PLAY OPENS

Indianapolis, July 9.—The Western Tennis Championship play started on the courts of the Woodstock clubs here today. Players were entered from Columbus, O., Yonkers, N. Y., Chicago, Cleveland, Purdue University, Pasadena, Calif., Pittsburgh, Lebanon, Ind., and Indianapolis.

#### MINERS IDLE AS PROTEST

Columbus, Kansas, July 9.—Kansas has lost 600,000 tons of coal since his conviction for violating the Kansas industrial court law because southern Kansas miners are idle as a protest against the jury verdict, Alexander Howat announced here today. He issued an appeal for the men to return to work.

#### Anniversary of Morgan's Raid

New Albany, Ind., July 9.—fifty-eight years ago today, General John Morgan, a dashing young officer of the Confederate army crossed the Ohio river opposite here and started the famous Morgan's raid.

With 5,000 gray-coated soldiers, General Morgan seized a boat at Brandenburg, Ky., on a hot July 9 of 1863 and crossed into Indiana, for the raid which became the most thrilling event of the Civil war for Southern Indiana.

The small force continued its march through Indiana along the Ohio river encountering some opposition, but the general met his Waterloo near Cincinnati when General Hobson captured him and the entire army. General Morgan and most of his men escaped, however, and fled into Kentucky.

Adab, in Babylonia, discovered by the University of Chicago excavating expedition in 1904, is considered the oldest city in the world.

## Mother Battles To Regain Child

Nine Year Old Fight of Mrs. Ethel Montgomery to Get Possession of Her Daughter, Kidnapped by Father, in Court at Princeton.

(By United Press)

Princeton, Ind., July 9.—A nine year old battle revolving around a mother's love for her child was in the district court today.

Fourteen-year-old Marie Louise Montgomery awarded a divorce east to her mother kidnapped by her father, awaited habens corpus proceedings instituted by her mother to gain possession of her child.

Mrs. Ethel Montgomery of Indianapolis is here to end if possible the long fight to regain her child.

After the habeas corpus proceedings were filed here, Sheriff Flowers went to Stewartsville in Posey county and brought Marie Louise here with him. She was staying with relatives of her father, Wilbur Montgomery.

In 1912 when Marie Louise was four years of age, Mrs. Montgomery received a divorce on her cross complaint. The court also awarded her custody of the child with the stipulation that she be allowed to visit Montgomery's parents three months of each year.

At the end of the first visit the girl disappeared and the father was also gone. During the contest that ensued the mother filed suits in three states in an effort to regain possession of the child. The only information given regarding the girl was that she was in a convent somewhere in Mexico.

Montgomery now is in Florida, it is believed.

#### NEWS RECEIVED WITH GREAT JOY

Continued from Page One

The London press was jubilant today in its comment on the Irish truce which was signed last night at Dublin and which becomes effective Monday noon. Confidence was expressed that the end of the bitter conflict had arrived.

"The truce will change the whole atmosphere and it brings this ruinous, humiliating struggle within measurable distance of its end," said the London Times.

"We are confident that once the combatants ground arms, calm counsels will prevail," the Chronicle declared.

"Nothing is more gratifying to the British people than the fact that the last chapter of bloodshed and misery seems closed," according to the Daily Express.

The exact outline of the peace terms has not yet been disclosed but it is predicted under the settlement, Ireland will remain in the British empire under a system of dominion home government about the same as that in Canada and Australia.

There was a little worry in some quarters over whether the rank and file of the Sinn Fein population of Ireland would follow their leaders and settle down, contented with the peace. So far, however, there has been no note of dissatisfaction and none of the Sinn Fein leaders had shown a disposition to rebel from DeValera's policy of seeking quick peace.

Dublin, July 9.—Peace was settling over Ireland today. For the first time since the Easter rebellion in 1916, hostilities were actually dying down under the truce signed between the Sinn Feiners and representatives of the British government.

Although the truce does not become effective until noon Monday, it was understood that the Sinn Fein leaders were cancelling orders for all attacks on the British scheduled for the intervening period and that British troops had been ordered to discontinue reprisals and do everything possible to avoid clashes.

The spirit of the people here appeared to be conciliatory. It was noted that General MacReady, commander of the British forces in Ireland, was actually cheered by the crowd when he arrived at the Mansion House late yesterday to discuss the truce terms with Eamon DeValera. The people are evidently anxious for peace.

DeValera and other Sinn Fein leaders were making preparations today for their conferences with Premier Lloyd George which will be held in London and at which it is hoped a permanent peace in Ireland will be decided upon and subscribed to.

Both sides will go into this conference, it is expected, in a spirit of conciliation. The Sinn Feiners are prepared to forego their demands for absolute independence and the British, it is believed here, will be ready to treat with DeValera and his lieutenants on terms of equality and grant a greater measure of self gov-

Meanwhile, snow in Colorado  
Ouray, Colo., July 9.—One of the worst summer snowstorms in years, swept the Sneffels Park section, fourteen miles west of here today.

Sixteen were marooned on the peak last night in a terrific gale which drove dense clouds of fine snow upon them, making it impossible to find shelter or get away from the stinging blizz.

Nearly frozen they finally reached the apex of the peak.

## TEMPERATURE ONE DEGREE HIGHER TODAY

Government Thermometer Registers 87 in Continuous Heat Wave—No Relief in Sight

#### WARM AND HUMID, FORECAST

The temperature recorded at noon today was 87 degrees, which was one degree higher than yesterday at noon, according to the thermometer in charge of Elwood Kirkwood at Maunz. The government report for Sunday is for fair weather and with the temperature unchanged. Louisville, Indianapolis and Chicago each registered 88 as the high mark yesterday, and the local temperature of 86 was evidently correct, and in keeping with the general heat wave.

Washington, July 9.—Government weather forecasters today could see no general relief from the heat wave immediately.

For the next 36 hours warm humid weather with local thunder-showers is predicted east of the Mississippi river.

New York, July 9.—Heat prostrations in New York today totalled a score, while the torrid wave continued unabated. There was only one death directly due to heat.

Thousands slept in the parks and on the beaches. The fire department flushed many streets.

Evansville, Ind., July 9.—The heat wave continued over Southern Indiana and Northern Kentucky today. Chris Bernsmeier, 29, was dead from heat prostration, the second death from heat here within a week.

## STOLEN MONEY RECOVERED

Chicago Police Corner Six Bandits Who Robbed Bank at Clearing, Ill.

(By United Press)

Clearing, Ill., July 9.—Six men held up the Clearing state bank here today and escaped with \$15,000. Three officials and two customers were locked into a vault.

The shot gun squad of Chicago cornered the bandits after a running fight of about seventy miles an hour along the country road. Two men, well known figures in Chicago's underworld, were captured and the money was recovered.

The four other men fled but were cornered in a quarry. They held the authorities at bay and a call was sent to Chicago for reinforcements. Dozens of police and detectives were rushed to the quarry and prepared for a battle.

ernment to Ireland than has heretofore been offered.

British military patrols were withdrawn today, the men remaining in their barracks. The armored cars which for weeks have been trundling through the streets at intervals were in their "stables". Constables walked their beats today with no fear of being suddenly fired upon from ambush. Members of the Irish republican army even appeared in public in uniform without being molested.

Little groups of the once-hated Black and Tans strolled through the streets without arms frequently stopping to chat with well known Sinn Feiners and soldiers of the republican forces.

On every hand it was apparent a genuine effort was being made by both sides to avoid clashes and to make the "Mac Ready-Collins" truce a great step toward permanent peace.

## U. S. GUN BOAT CAUSES CONCERN IN TAMPICO

Unemployment Situation is Enforced by Arrival of Gun Boat and Trouble May Develop

#### FAMINE ALSO THREATENING

(By United Press)

Vera Cruz, July 9.—Much fighting and bloodshed was reported in the vicinity of Tampico in a telegram received here. No details were given but it was assumed that rival Mexican factions were engaged. Two gun boats left for Tampico to escort vessels carrying troops.

Mexico City, July 9.—The situation in the Tampico oil fields already critical as the result of unemployment, was regarded in semi official circles today as having been aggravated by the presence of the American gun boat Sacramento off that port.

Trouble may be precipitated by the presence of the war ship, it was pointed out. If so any force the Sacramento could land would be insufficient to restore order.

Actual famine in the oil districts is considered imminent. The railway has been cut between Tampico and San Luis Potosi by a wreck, attributed to a washout. This has had the double result of decreasing Tampico's food supply and completely cutting off shipment of fuel, oil to Mexico City and other industrial centers threatening a suspension of work.

Oil shipments have fallen off 78 percent since the new Mexican export tax became effective, according to unofficial estimates.

## CROWDS ASSEMBLE FOR DRY DEMONSTRATION

Parade of the "Drys" Was Planned to Offset Effect of Monster Parade of "Wets"

#### BRYAN GIVES AN ADDRESS

(By United Press)

New York, July 9.—Thousands of delegates to the Christian Endeavor Convention now in session here, augmented by thousands of like minded New Yorkers, assembled along Fifth Avenue today for a demonstration favoring prohibition.

This parade of the "drys" was planned to offset the effect of the monster parade of the "wets" on the Fourth of July.

The procession today, including a dozen bands, many picturesque floats, armed with banners and clothed in a variety of allegorical costumes, sang hymns as it moved up Fifth Avenue.

The parade was timed to impress the noontime crowd on the Avenue.

When the column reached Central Park it deployed into a great mass-meeting which was addressed by William Jennings Bryan.

## FUNERAL SET FOR SUNDAY

Last Rites For Byron Westerfield Who Dies at Home in Manila

Funeral services will be held Sunday over the remains of Byron Westerfield, prominent resident of Manila who died at his home there on Thursday night. Mr. Westerfield was 65 years old, and had been in failing health for several months. He died at ten o'clock Thursday night and the funeral will be conducted at the late residence Sunday morning at ten o'clock.

The deceased is survived by a widow and five children, who are Mrs. Vivian Headlee of this city, Mrs. Gale Montayna of near Manila, Mrs. Faye Scull of near Milroy and Miss Inez at home, and one son, Owen Westerfield.

#### RELEASED ON BOND

Sam Gorman, who was arrested yesterday by Marshal Bradway at Knightstown and turned over to Sheriff Jones was brought here yesterday afternoon, and he was released from jail after furnishing satisfactory bond in the sum of \$500. Gorman will face a charge in the September term of court of grand larceny, it being alleged that he stole a purse containing \$74 from Charley Breece, living in the northern part of this county.

#### GRAFT IN ILLINOIS HINTED

Springfield, Ill., July 9.—The story of drafting state funds as high as ten million dollars, saw Illinois political circles today on the eve of a grand jury investigation into alleged frauds. The startling inquiry was ordered by Attorney General Bundage into the use of state funds since 1915. The investigation by the grand jury will go into the affairs of the state treasurer, governor, lieutenant governor and state auditor.

#### DETECTIVE ARRESTED

Indianapolis, July 9.—Patrick Roach, a city detective, was held here today on a charge of operating a blind tiger, following a raid on his home by prohibition agents. The federal agents said they found nineteen quarts of home brew and seven gallons in the making.

### Watching The Score Board

Yesterdays' hero—Small Dick Kerr. The saved-off White Sox hurler did his specialty of mowing down the Yankees for the fourth time. The Sox won 4 to 1.

Kelleher's error in the ninth inning gave the Giants a run and the Cubs lost behind Alexander 1 to 0. Nehf allowed only three hits.

Bullet Joe Bush held the Tigers to four hits and the Red Sox won 6 to 3. Heilman hit a homer 610 feet, the longest hit ever made on the Detroit grounds.

Errors by Heinie Groh and Crane helped the Braves beat the Reds 5 to 0.

Home runs by Jimmie Smith and Koney, new Phils accounted for four runs and the Cardinals were beaten 9 to 4.

Three runs in the sixth inning gave the Pirates a 5 to 3 victory over the Robins.

Williams got his 16th homer with two on in the sixth, the Browns beating the Senators 12 to 2.

## JACK KEARNS DENIES SPLIT

Dempsey's Manager Says It's Untrue He and Champion Quit

(By United Press)

New York, July 9.—Jack Kearns today again denied the report that he had split with Jack Dempsey, the world's champion. The denial was occasioned by a story from Atlantic City that Mayor Bader had told friends he was going to handle the affairs of the champion.

Kearns would not comment on the report that the champion had wired creditors in Atlantic City that he had given his manager money to pay them all.

Kearns said he didn't accompany his charge west because he had "a lot of business" to settle in New York.

#### IMITATORS OF ARMY SOLICITING

Continued from Page One

Unless challenged they pass ostensibly for the Salvation Army. They not only allow that impression to prevail, but they have been known to openly announce that they have been sent out by the Salvation Army.

The idea of the new program of the Salvation Army in financing itself by annual budgets presented only through its county advisory boards does not seem to be fully understood by all as yet. Hence, the opportunity which is afforded these imitators for the collection of funds, which would otherwise be withheld if full knowledge of the true situation prevailed.

This has been unusually noticeable during the recent campaign, it is said. As soon as the announcement was made and the posters were posted up that the Salvation Army budget was to be presented over the state these various organizations have taken advantage of the announcement and the Salvation Army advertising and anticipated them by rushing solicitors into various communities in advance of the Salvation Army advisory boards.

The result has been that many solicitors have found the people mystified, supposing that they had already donated to this budget.

The deception has been almost complete. It is fair to say that the Salvation Army is not concerned with the contributions made to others, their only concern is that much of this solicitation is supposed to be done at the instance of the Salvation Army, when the evident design is to mislead an unsuspecting public. Thousands of dollars are announced contributed by benevolently inclined people who make these contributions under the supposition that they are aiding the beneficent institutions of the Salvation Army when in reality they are continuing and promoting a phase of uniformed impostures.

Too many instances of this deceptive practice have been witnessed to admit of doubt.

The Salvation Army, therefore, owes a duty to itself and to its friends by clearing up this misapprehension in the public mind, while at the same time it may save the people in the various communities from these imposters who do not represent any humanitarian institutions of any sort.

#### UP TO SENATE TO STOP BONUS BILL

Continued from Page One

unpledged, doubtful or absent. The canvass showed the motion to recommit which is to be made according to present plans after receipt of a message from Harding. Two votes short of the 48 necessary to adoption.

A majority of the Senate is now 48, Wolcott of Delaware having resigned, thus reducing the membership to 95.

Republican leaders, however, have sent hurry calls to all absentees to be here Monday, when they are confident they will line up enough more to insure the success of the Harding program.

## MRS. KABER WANTED HER HUSBAND KILLED

Cleveland Woman Made Request When Murder Plot Was Hatched, Detective Testifies at Trial

#### CONTENT OF CONFESSIONS

(By United Press)

Cleveland, Ohio, July 9.—"I want my husband killed," Mrs. Eva Katherine Kaber told Mrs. Emma Colavito and the two alleged assassins, Daniel Kaber, wealthy Lakewood publisher, at a night party at the Kabers' home, according to testimony at the woman's trial today.

"I want my husband killed," Mrs. Kaber said. "I have tried but have not succeeded," according to the testimony of Detective Looney. The detective's story revealed how the murder of the invalid was plotted, how the assassins were hired, how he was killed and how the assassins never received pay for their deeds.

Miss Mary McArdle, Mrs. Kaber's daughter, and Mrs. Mary Brickel, Mrs. Kaber's mother, have been accused of participating in the plans for the murder. The daughter and the grandmother, however, deny this. They stated that they were but tools in the hands of Mrs. Kaber, and carried out the plans in ignorance of the murder.

The testimony today contained the confessions of three alleged assassins: Mr. Kaber, Mrs. Emma Colavito and Tom Cala, the confessed assassin.

The other alleged assassins are still at liberty. The content of the three confessions was included in the testimony of Detective Looney who was present when they were made.

## SHOW OWNERS PAY A FINE

Plead Guilty to Charge of Showing Without a License

The proprietors of a tent show which has been exhibiting here this week in South Main street, were hauled into Squire Stech's court this afternoon on a charge of exhibiting without payment of a county license. The show owners were assessed a fine of \$1 and costs upon a plea of guilty, and they were advised to take out a county license before continuing their show tonight and next week.

The owner of the show also notified Chief of Police Wilfong, that a side tent and curtains, amounting to \$500, was stolen last night, and that some of the employees were suspected of having taken it. A search was to be made this afternoon for the stolen tent.

#### TENNIS PLAY OPENS

Indianapolis, July 9.—The Western Tennis Championship play started on the courts of the Woodstock clubs here today. Players were entered from Columbus, O., Yonkers, N. Y., Chicago, Cleveland, Purdue University, Pasadena, Calif., Pittsburg, Lebanon, Ind., and Indianapolis.

#### MINERS IDLE AS PROTEST

Columbus, Kansas, July 9.—Kansas has lost 600,000 tons of coal since his conviction for violating the Kansas industrial court law because southern Kansas miners are idle as a protest against the jury verdict, Alexander Howat announced here today. He issued an appeal for the men to return to work.

#### Anniversary of Morgan's Raid

New Albany, Ind., July 9.—fifty-eight years ago today, General John Morgan, a dash-ing young officer of the Confederate army crossed the Ohio river opposite here and started the famous Morgan's raid.

With 5,000 gray-coated followers, General Morgan seized a boat at Brandenburg, Ky., on a hot July 9 of 1863 and crossed into Indiana, for the raid, which became the most thrilling event of the Civil war for Southern Indiana.

The small force continued its march through Indiana along the Ohio river encountering some opposition, but the general met his Waterloo near Cincinnati when General Hobson captured him and the entire army. General Morgan and most of his men escaped, however, and fled into Kentucky.

Adab, in Babylonia, discovered by the University of Chicago excavating expedition in 1904, is considered the oldest city in the world.

## Mother Battles To Regain Child

Nine Year Old Fight of Mrs. Ethel Montgomery to Get Possession of Her Daughter, Kidnapped by Father, in Court at Princeton.

(By United Press)

Princeton, Ind., July 9.—A nine year old battle revolving around a mother's love for her child was in the district court today.

Fourteen-year-old Marie Louise Montgomery awarded a divorce case to her mother kidnapped by her father, awaited habens corpus proceedings instituted by her mother to gain possession of her child.

Mrs. Ethel Montgomery of Indianapolis is here to end if possible the long fight to regain her child.

After the habeus corpus proceedings were filed here, Sheriff Flowers went to Stewartsville in Posey county and brought Marie Louise here with him. She was staying with relatives of her father, Wilbur Montgomery.

In 1912 when Marie Louise was four years of age, Mrs. Montgomery received a divorce on her cross complaint. The court also awarded her custody of the child, with the stipulation that she be allowed to visit Montgomery's parents three months of each year.

At the end of the first visit the girl disappeared and the father was also gone. During the contest that ensued the mother filed suits in three states in an effort to regain possession of the child. The only information given regarding the girl was that she was in a convent somewhere in Mexico.

Montgomery, now in Florida, it is believed.

#### NEWS RECEIVED WITH GREAT JOY

Continued from Page One

The London press was jubilant today in its comment on the Irish truce which was signed last night at Dublin and which becomes effective Monday noon. Confidence was expressed that the end of the bitter conflict had arrived.

"The truce will change the whole atmosphere and it brings this ruinous, humiliating struggle within measurable distance of its end," said the London Times.

"We are confident that once the combatants ground arms, calm counsels will prevail," the Chronicle declared.

"Nothing is more gratifying to the British people than the fact that the last chapter of bloodshed and misery seems closed," according to the Daily Express.

The exact outline of the peace terms has not yet been disclosed but it is predicted under the settlement, Ireland will remain in the British empire under a system of dominion home government about the same as that in Canada and Australia.

There was a little worry in some quarters over whether the rank and file of the Sinn Fein population of Ireland would follow their leaders and settle down, contented with the peace. So far, however, there has been no note of dissatisfaction and none of the Sinn Fein leaders had shown a disposition to rebel from DeValera's policy of seeking quick peace.

Dublin, July 9.—Peace was settling over Ireland today. For the first time since the Easter rebellion in 1916, hostilities were actually dying down under the truce signed between the Sinn Feiners and representatives of the British government.

Although the truce does not become effective until noon Monday, it was understood that the Sinn Fein leaders were cancelling orders for all attacks on the British scheduled for the intervening period and that British troops had been ordered to discontinue reprisals and do everything possible to avoid clashes.

The spirit of the people here appeared to be conciliatory. It was noted that General MacReady, commander of the British forces in Ireland, was actually cheered by the crowd when he arrived at the Mansion House late yesterday to discuss the truce terms with Eamon DeValera. The people are evidently anxious for peace.

DeValera and other Sinn Fein leaders were making preparations today for their conferences with Premier Lloyd George which will be held in London and at which it is hoped a permanent peace in Ireland will be decided upon and subscribed to.

Both sides will go into this conference, it is expected, in a spirit of conciliation. The Sinn Feiners are prepared to forego their demands for absolute independence and the British, it is believed here, will be ready to treat with DeValera and his lieutenants on terms of equality and grant a greater measure of self-government.

Meanwhile, Snow in Colorado  
Onray, Colo., July 9.—One of the worst summer snowstorms in years, swept the Sneffels Park section, fourteen miles west of here today.

Sixteen were marooned on the peak last night in a terrific gale which drove dense clouds of fine snow upon them, making it impossible to find shelter or get away from the stinging blast.

Nearly frozen they finally reached the apex of the peak.

## TEMPERATURE ONE DEGREE HIGHER TODAY

Government Thermometer Registers 87 in Continuous Heat Wave—No Relief in Sight

#### WARM AND HUMID, FORECAST

The temperature recorded at noon today was 87 degrees, which was one degree higher than yesterday at noon, according to the thermometer in charge of Elwood Kirkwood at Maunz. The government report for Sunday is for fair weather and with the temperature unchanged. Louisville, Indianapolis and Chicago each registered 88 as the high yesterday, and the local temperature of 86 was evidently correct, and in keeping with the general heat wave.

Washington, July 9.—Government weather forecasters today could see no general relief from the heat wave immediately.

For the next 36 hours warm humid weather with local thunder-showers is predicted east of the Mississippi river.

New York, July 9.—Heat prostrations in New York today totaled a score, while the torrid wave continued unabated. There was only one death directly due to heat.

Thousands slept in the parks and on the beaches. The fire department flushed many streets.

Evansville, Ind., July 9.—The heat wave continued over Southern Indiana, and Northern Kentucky today. Chris Bernsmeyer, 39, was dead from heat prostration, the second death from heat here within a week.

## STOLEN MONEY RECOVERED

Chicago Police Corner Six Bandits Who Robbed Bank at Clearing, Ill.

(By United Press)

Clearing, Ill., July 9.—Six men held up the Clearing state bank here today and escaped with \$15,000. Three officials and two customers were locked into a vault.

The shot gun squad of Chicago cornered the bandits after a running fight of about seventy miles an hour along the country road. Two men, well known figures in Chicago's underworld, were captured and the money was recovered.

The four other men fled but were cornered in a quarry. They held the authorities at bay and a call was sent to Chicago for reinforcements. Dozens of police and detectives were rushed to the quarry and prepared for a battle.

ement to Ireland than has heretofore been offered.

British military patrols were withdrawn today, the men remaining in their barracks. The armored cars which for weeks have been trundling through the streets at intervals were in their "stables". Constables walked their beats today with no fear of being suddenly fired upon from ambush. Members of the Irish republican army even appeared in public in uniform without being molested.

Little groups of the once-hated Black and Tans strolled through the streets, without arms frequently stopping to chat with well known Sinn Feiners and soldiers of the republican forces.

On every hand it was apparent a genuine effort was being made by both sides to avoid clashes and to make the "Mac Ready-Collins" truce a great step toward permanent peace.

## U. S. GUN BOAT CAUSES CONCERN IN TAMPICO

Unemployment Situation is Enforced by Arrival of Gun Boat and Trouble May Develop

#### FAMINE ALSO THREATENING

(By United Press)

Vera Cruz, July 9.—Much fighting and bloodshed was reported in the vicinity of Tampico in a telegram received here. No details were given but it was assumed that rival Mexican factions were engaged. Two gun boats left for Tampico to escort vessels carrying troops.

Mexico City, July 9.—The situation in the Tampico oil fields already critical as the result of unemployment, was regarded in semi official circles today as having been aggravated by the presence of the American gun boat Sacramento off that port.

Trouble may be precipitated by the presence of the war ship, it was pointed out. If so any force the Sacramento could land would be insufficient to restore order.

Actual famine in the oil districts is considered imminent. The railway has been cut between Tampico and San Luis Potosi by a wreck, attributed to a washout. This has had the double result of decreasing Tampico's food supply and completely cutting off shipment of fuel oil to Mexico City and other industrial centers threatening a suspension of work.

Oil shipments have fallen off 78 percent since the new Mexican export tax became effective, according to unofficial estimates.

## CROWDS ASSEMBLE FOR DRY DEMONSTRATION

Parade of the "Drys" Was Planned to Offset Effect of Monster Parade of "Wets"

#### BRYAN GIVES AN ADDRESS

(By United Press)

New York, July 9.—Thousands of delegates to the Christian Endeavor Convention now in session here, augmented by thousands of like minded New Yorkers, assembled along Fifth Avenue today for a demonstration favoring prohibition.

This parade of the "drys" was planned to offset the effect of the monster parade of the "wets" on the Fourth of July.

The procession today, including a dozen bands, many picturesque floats, armed with banners and clothed in a variety of allegorical costumes, sang hymns as it moved up Fifth Avenue.

The parade was timed to impress the noontime crowd on the Avenue.

When the column reached Central Park it deployed into a great mass-meeting which was addressed by William Jennings Bryan.
